**Extra Info**

Only 3-4 songs will require centre vocals, and mostly only require one mic. The last song might be a group sing with 2-3 singers sharing 2 mics. Adam (keys/bandleader) uses his mic mostly for announcements and interacting with the audience. He uses a Mojo/Juno stacked keyboard set up, plus a wireless keytar. If he's having tech issues he may have a laptop on stage as a backup (not included in the specs).

Our guitarist Jack uses a Line 6 Helix, so doesn't need an amp or a DI, but does need two channels for stereo output. No effects for him, and NO PHANTOM POWER to his pedal board please (it makes it "freak out"). He and Ann (bass) may be wireless on the day as well as Adam - we're still testing how things go with more than one wireless transmitter on stage.

Finally, all band members (including Emily for her SPD-S) will need access to AC power except the horns and vocalists.

Sound engineers rock. Thank you!!

**Monitor Groups**

Group	Soundmix
Group 1	SPD-S, guitar, bass, keys, vocal (little)
Group 2	SPD-S, guitar, bass, keys, saxs, vocals
Group 3	SPD-S, guitar, bass, keys, saxs, vocals
Group 4	SPD-S, horns, vocals, keys
Group 5	SPD-S, bass, keys, vocals, saxs, guitar
Group 6	SPD-S, "heaps of kick", more guitar than keys
